The Bathroom Collection

FRONTLINE

the complete bathroom

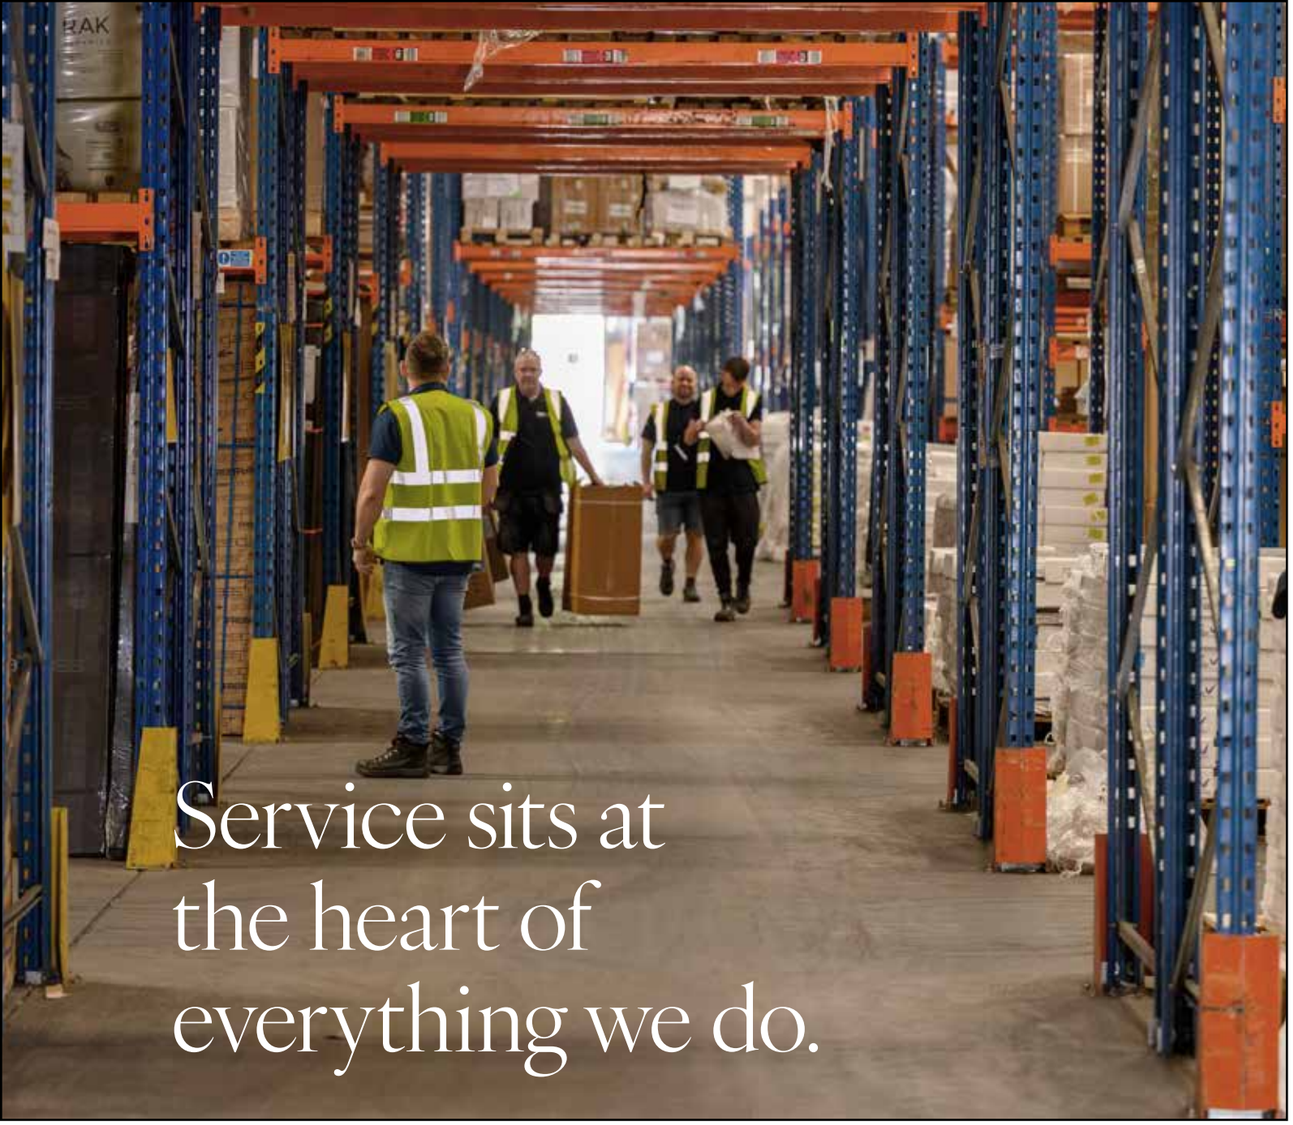
Beautifully considered bathrooms since 1978

A bathroom should be a place that works effortlessly: calm when you need it, practical when it matters and beautiful every time you walk in.

From understated classics to contemporary shapes, Aqua brings together style, comfort and quality in one complete bathroom range.

AQUA

BY FRONTLINE



Service sits at the heart of everything we do.

Aqua by Frontline is built on almost five decades of experience. As part of one of the UK's largest bathroom distributors, Frontline brings together the scale, reliability and product knowledge that only our long-standing experience can offer.

With the support of over 3,500 retail and merchant partners and a team shaped by decades of hands-on industry understanding, we're committed to providing the service and reassurance you can trust.

Find your nearest retailer at www.frontlinebathrooms.co.uk/find-a-retailer

With over 150 colleagues, 24-hour operations and more than 95% of products available off the shelf, we work to keep things simple, dependable and on time.

Our own national fleet delivers to 90% of the UK the next day, supported by technical sales teams, detailed product guidance and dedicated customer support.

Quality in Every Detail

Every Aqua product is designed with real British homes in mind, bringing together the latest bathroom trends with timeless shapes that look beautiful and feel e˜ortless to live with. Our collections balance form and function, combining practical features with durable materials made to stand up to daily use.

Many products include a lifetime guarantee, offering reassurance that your choice is built to last. Combined with rigorous testing to the highest industry standards, it means you can trust your bathroom to perform just as well as it looks.

From space-saving sanitaryware to beautifully crafted baths, our range is created to suit real homes and everyday living.

LIFETIME-GUARANTEE

To see full details of what is covered by our lifetime guarantee, please see pages 402 - 403

Designed with Care

At Frontline, caring for your home also means caring about the impact we make beyond it. As a group, we're committed to making more responsible choices across our sourcing, materials and operations.

Most Aqua furniture ranges use accredited materials, ensuring timber is sourced responsibly and with care for the environment.

We're moving more products into eco-friendly packaging, replacing plastic and polystyrene with durable corrugated cardboard.

Reducing Our Impact

We're committed to longterm reductions in our carbon footprint, with group-wide targets to cut emissions by 50% by 2032. In 2024, we diverted 98% of waste away from landfill and reduced total waste by 10% through improved recycling and better waste management.

Our bathroom furniture collection combines considered design with practical storage, offering styles to suit both contemporary and classic interiors. From compact options to statement vanity units, each range is designed to bring balance, organisation and a cohesive feel to your bathroom.

We have a range of furiture styles to suit different layouts. Wall-hung units create a lighter, more spacious feel, floor standing designs add a furniture-led look with generous storage, while compact options are ideal for smaller rooms without compromising on style.

A Considered Colour Palette

Our furniture ranges are available in a carefully curated palette to suit every taste. Opt for calm, soft neutrals for a timeless look, introduce personality with bold statement colours or bring warmth and texture with tactile woodgrain finishes.

Soft-Close Comfort as Standard

10 YEARS

Every furniture range is supplied with soft close doors and drawers as standard, creating a quieter, smoother feel in everyday use. It's a small detail that protects the furniture over time and adds a more refined feel, all backed by a 10-year guarantee for lasting peace of mind.

Smart Storage Solutions

Thoughtfully designed storage makes the bathroom easier to live with. Full extension drawers provide clear access to everything inside, while integrated dividers help keep essentials organised, tidy and exactly where you need them.

Design Details Explained

From contemporary styles to timeless classics, each range is designed for comfort, easy maintenance and long-lasting quality.

Rest assured, our basins & WCs all come with a lifetime guarantee on the ceramics, 5 years on cistern fittings and 3 years on the toilet seat.

Designed for Everyday Comfort

Soft-Close Seats

All Aqua WCs feature seats that close gently and quietly, reducing noise and preventing slamming. They're safer for families and help protect the pan and hinges over time.

Comfort Height Options

Designed slightly taller than standard WCs, comfort-height pans offer easier sitting and standing, particularly for taller users or those with reduced mobility.

Easy-Cleaning Features

Quick-Release Seats

This simple mechanism allows the seat to be lifted off the pan in seconds, making deep cleaning easier and ensuring every part of the WC can be reached.

Rimless

Rimless Design

With no overhanging rim there's nowhere for dirt or limescale to hide. The flush washes the entire bowl more effectively, making cleaning quicker and more hygienic.

Dual-Flush Technology

Choose between a smaller or larger flush to suit your needs. Dual-flush systems reduce water usage without compromising performance.

Back to Wall & Wall Hung WCs

Sitting flush against the wall, with the cistern neatly concealed inside, these WCs provide a streamlined, designer finish.

Wall hung WCs are mounted off the floor and because the floor underneath is clear, they make bathrooms feel more spacious and are easier to clean around.

Choose from a range of coordinating flush plate options on p114.

Vetta

With its expert and attentive sculpting, it's easy to see why the Vetta range boasts a quality like no other. Every aspect of its look is designed to enhance your home, with curved shapes and slender wrap-over seats and rimless technology all working together to boost the comfort and luxury of your bathroom.

Holborn

Our traditional toilets are designed to meet the requirements of your home. Our back-to-wall pans conceal pipework, whilst our close coupled styles save space and expense. If you're looking to create a grand period setting, you'll love how the towering design of our high-level toilets instil regal elegance. Alternatively, our low-level toilets offer timeless style and are especially good for bathrooms with low ceilings.

Tungstenite

Tunstenite is a substantially strong, hard wearing coating that is applied to the reverse of the bath, making it as durable as a cast iron bath but with the warmer and easier to maintain finish of acrylic.

BENEFITS - much stronger than acrylic, retains heat for approx 30 minutes longer than acrylic, improved bath stability & rigifity and increased durability resulting in a longer lide span.

Corner Baths

With clever crescent designs, corner baths are an ideal choice when it comes to maximising space in the bathroom. If you like to relax while the bath fills up, you can kill time by perching on the integrated seating areas, which also double up as a space for toiletries. Then simply sit back and unwind in comfort and luxury.

Choosing the right shower enclosure is about more than just size. From layout and door style to finishes and practical features, a few considered decisions can help create a shower space that works beautifully for your bathroom and the way you live.

Velar+ Frame Walk-In

LIFETIME GUARANTEE

We use high-quality, carefully selected materials throughout our shower enclosures and trays to deliver reliable performance and enduring style. Designed for everyday use, each enclosure is covered by a lifetime guarantee, with a five-year guarantee on all rollers and hinges.

1

Consider your space

Understanding your available space will help narrow down the right enclosure. Think about door clearance, access points and how the shower will sit alongside other bathroom elements.

For smaller rooms, enclosures that slide or fold inward can help maximise usable space. Larger bathrooms allow for more open designs that create a lighter, more relaxed feel.

2

Choose your enclosure type

Next, select the enclosure style that best suits your space and layout. From space-saving quadrants and sliding doors to walk-in designs, our collection is designed to meet the needs of the most compact spaces through to more open, spacious bathrooms.

Quadrant

A curved, corner-fitting enclosure designed to save space. Offering a comfortable showering area with a softer, flowing shape.

Sliding Door

A practical option where space is limited, with doors that glide smoothly without opening into the room.

Corner Entry

Two sliding doors meet at the centre to create wide access. A versatile choice that works well in a range of bathroom sizes.

Walk-In

An open, minimal enclosure that creates a light, modern feel. Easy to access and ideal for contemporary or more accessible bathrooms.

Pivot Door and Bi-Folding Door

A hinged door that opens smoothly. A simple, elegant option best suited to bathrooms with enough clearance.

3

Coordinate your finishes

Coordinating the frame with your brassware, from classic chrome to bolder finishes such as brushed brass, matt black or bronze, allows you to create a cohesive look that either blends in quietly or makes a more confident statement.

6mm Glass |↔|

6mm glass is a popular, balanced choice, offering good safety and durability at great value, ideal for most bathrooms and sliding doors.

8mm Glass |↔|

8mm glass is a more premium option, providing added strength and stability, well suited to larger panels and frameless enclosures.

Aquashield

All Aqua enclosures come with Aquashield, a protective glass coating that helps reduce water marks and limescale build-up, keeping the glass clearer for longer and making everyday cleaning quicker and easier.

Purity Quad

6mm Glass | 1900mm Height

Simplicity at its finest, the purity range has all the features of a stunning enclosure, on a budget. Containing a 6mm, toughened glass coated in Aquashield, adjustable wall profiles, noise-cancelling magnetic closing and an easy-clean finish all help to make enclosure perfect for busy, modern family homes.

Designer waste and chrome waste cover supplied with all Slimline shower trays.

Structure Slate Trays

A designer tray with a difference. The structure slate effect shower trays are inspired by the outdoors, manufactured from a mix of natural minerals and resins to give you a natural and luxury feel underfoot. The slate effect detailing gives the tray the look of natural stone, while a matching waste brings contemporary style to bathrooms.

The slate effect trays have been manufactured with a low profile to create a seamless aesthetic that blends into your chosen flooring whether fitted on top of, or flush to the floor. For easy maintenance, these trays include a removable waste trap that makes an easy job of the cleaning.

Features:

- Made from the latest material technologies
- 24mm height
- High flow self cleaning waste
- Colour matched waste cover
- Cut to size*
- Anti-slip class 3 approved
- Manufactured to EN 14527 for durability

*Shower trays adjustable by 20mm drain side, 40mm on other sides.

Aquafloor

Aquafloor provides a realistic look of stone or wood and is extremely hard wearing and resilient to daily wear and tear. The flooring is warm to the touch and is more sound absorbing than wood, laminate and ceramic tile flooring.

This understated flooring has innovative design features such as the patented 3L triple lock for a sophisticated approach to bringing the outdoors in.

Features:

- 100% waterproof
- Easy to install with drop down and lock system
- Resistant to UV light
- Suitable for walls
- Low maintenance wipe clean surface
- Simple to cut with utility knife
- Textured surface to imitate real stone/wood
- No grouting to maintain
- R10 slip resistance
- Tongue and groove joint

Heating Collection

From warm floors to toasty towels, our bathroom heating solutions are designed to keep your space comfortable, whatever the weather.

Aluminium Radiators ..... 384 - 385
Holborn Radiators ..... 386 - 391
Valves ..... 392 - 393

Comfort and relaxation should continue after you've stepped out of the shower. That means no arctic temperatures, no frozen floors, and definitely no soggy towels. Luckily, our heating has it covered with a choice of radiators, towel warmers and electric heating — giving you a little extra help when it comes to early starts and frosty mornings.

Finding your BTU

A BTU (British Thermal Unit) rating refers to the amount of heat released each hour by a radiator or towel rail. The number specified is the number required to heat your room sufficiently. The higher the BTU, the higher the heat output — a BTU of 5154 (per hour) will accommodate large rooms, while a BTU of 603 is better for heating items found in bathrooms, such as towels.

Electric radiators are operated by a heating element that's measured in watts. Standard elements heat your space at an optimum temperature (usually between 65-80°); while thermostatic elements allow you to set a desired temperature and gradually works up to that temperature in increments.

We recommend consulting your plumber if you're not sure which BTU or heating element is best for your home.

Why choose an aluminium radiator?

Their incredible heat output makes them five times more efficient than steel. This means aluminium radiators don't have to be switched on for long lengths of time to heat a room as they don't require as much water. They're also surprisingly durable due to being less prone to rust, extending the life of your heating system.

	Aluminium	Steel
Heating speed	Fast	Slower
Water volume	Low	Higher
Energy compatibility	Compatible with heat pumps	Less compatible
Weight	Light	Heavier
Aesthetics	Greater variety	More limited
Carbon footprint	Low	High energy

Bathroom Lighting & Ventilation

Great lighting and ventilation is important in every room in the house, but it plays a particularly vital role in a bathroom. Choose the wrong light and you wind up going overboard with makeup or shaving in the shadows. Our lighting options are large flush ceiling lights or multi bulb bar lights, which creates a daylight environment no matter the time of day.

What is bathroom zoning?

Light fittings are assigned an 'IP rating' which indicates how much protection they provide against ingress of water. The bathroom area is divided up into 'zones' 0-3 with each zone having a minimum IP requirement that must be met if a fitting is to be installed in this zone.

Product Specifications

Exceptional service is integral to our business as are outstanding product, design and manufacturing processes. We invest heavily in product development and reserve the right to amend specifications at any time if there is an opportunity to improve the product quality to deliver a better customer experience.

Guarantees

At Frontline, product quality is our number one priority when developing and sourcing new products. We have complete confidence in all the products we sell and every product in the brochure is supported by a manufacturer's guarantee. The duration of the guarantee is dependent upon the product type, please visit www. frontlinebathrooms.co.uk to find out more information on the individual product pages.

Unless specified, guarantees are available on products used for normal domestic use only. Products used in commercial situations, i.e. hotels, schools, residential homes, are not covered by the manufacturer's guarantee.

If you have a guarantee claim you will need to contact your place of purchase in the first instance with the appropriate supporting receipt or proof of purchase.

Colour Samples

Whilst great care and attention to detail has been taken to create accurate and realistic photography for the brochure, the colours shown are representative only. All images can be a°ected by a multitude of factors such as lighting, surrounding items and print processes.

If you are unsure about anything prior to making your purchase, we recommend visiting your local stockist to view the product or request a colour sample. To view our stockist directory please visit **www.frontlinebathrooms.co.uk/directory** to locate your nearest Frontline dealer. Alternatively, please use the contact form on our website to request a colour sample.

Please note: The lead time on colour samples is dependent on the supplier and country of origin.

Pricing

All prices are quoted inclusive of VAT which will be charged at the rate applicable on the date of dispatch. The prices charged will be those ruling at the date of dispatch and Frontline cannot be held responsible for any errors or omissions to products or prices.

All products and prices shown in this brochure are correct at the time of going to print.

Frontline reserve the right to adjust prices or apply a temporary surcharge to cover any major increases in the cost of raw materials, labour, transportation or currency fluctuations relating to products advertised in this brochure. Any increase in price is only to ensure that Frontline continues to deliver great customer service to its customers.
