BY FRONTLINE
The Bathroom Collection
FRONTLINE
the complete bathroom

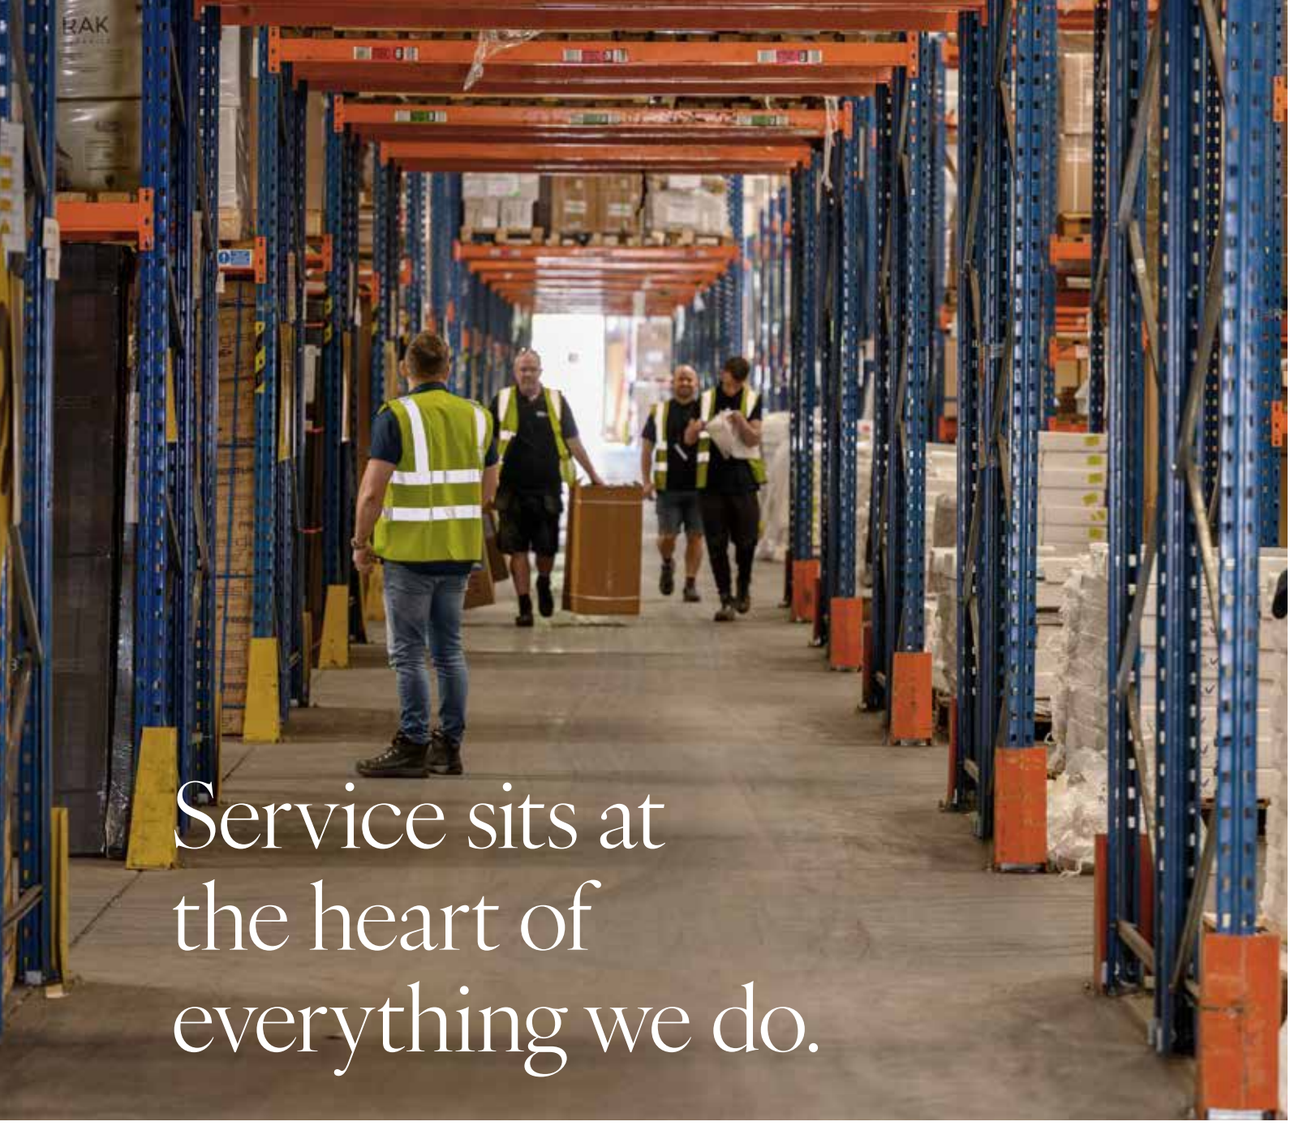

Beautifully considered bathrooms since 1978

A bathroom should be a place that works effortlessly: calm when you need it, practical when it matters and beautiful every time you walk in.

From understated classics to contemporary shapes, Aqua brings together style, comfort and quality in one complete bathroom range.

AQUA

BY FRONTLINE

Service sits at the heart of everything we do.

Aqua by Frontline is built on almost five decades of experience. As part of one of the UK's largest bathroom distributors, Frontline brings together the scale, reliability and product knowledge that only our long-standing experience can offer.

With the support of over 3,500 retail and merchant partners and a team shaped by decades of hands-on industry understanding, we're committed to providing the service and reassurance you can trust.

Find your nearest retailer at www.frontlinebathrooms.co.uk/find-a-retailer

With over 150 colleagues, 24-hour operations and more than 95% of products available off the shelf, we work to keep things simple, dependable and on time.

Our own national fleet delivers to 90% of the UK the next day, supported by technical sales teams, detailed product guidance and dedicated customer support.

Quality in Every Detail

Every Aqua product is designed with real British homes in mind, bringing together the latest bathroom trends with timeless shapes that look beautiful and feel effortless to live with. Our collections balance form and function, combining practical features with durable materials made to stand up to daily use.

Many products include a lifetime guarantee, offering reassurance that your choice is built to last. Combined with rigorous testing to the highest industry standards, it means you can trust your bathroom to perform just as well as it looks.

From space-saving sanitaryware to beautifully crafted baths, our range is created to suit real homes and everyday living.

LIFETIME GUARANTEE

To see full details of what is covered by our lifetime guarantee, please see pages 402 - 403

Designed with Care

At Frontline, caring for your home also means caring about the impact we make beyond it. As a group, we're committed to making more responsible choices across our sourcing, materials and operations.

Most Aqua furniture ranges use accredited materials, ensuring timber is sourced responsibly and with care for the environment.

We're moving more products into eco-friendly packaging, replacing plastic and polystyrene with durable corrugated cardboard.

Reducing Our Impact

We're committed to long-term reductions in our carbon footprint, with group-wide targets to cut emissions by 50% by 2032. In 2024, we diverted 98% of waste away from landfill and reduced total waste by 10% through improved recycling and better waste management.

Cool Revival

Cool tones, clean lines and retro details

A fresh take on retro-inspired design, this look pairs soft blue tones with clean lines and graphic details. Terrazzo textures and matt finishes add a playful edge, while simple forms keep the space feeling calm, contemporary and effortlessly cool.

Soft curves and simple forms, with the blue vanity adding a cool, confident tone.

Quiet Opulence

Layered textures, warm metals and tactile details

This look brings together rich textures and warm metallic finishes in a way that feels effortless rather than overdone. Brushed brassware, veined stone and tactile accessories create depth and interest through subtle contrast, resulting in a space that feels curated, calm and quietly luxurious.

OSYN FREESTANDING BATH

Softly sculpted and beautifully proportioned, designed for long, unhurried bathing. *See page 242*

ADELLA WC

Streamlined and understated, with a concealed design that keeps the space feeling composed. *See page 95*

VITALE VANITY UNIT GLOSS WHITE

Clean lines and subtle detailing come together to create a calm, refined focal point. *See page 32*

A warm metallic finish adds depth and character, anchoring the space with confidence. *See page 208*

Our bathroom furniture collection combines considered design with practical storage, offering styles to suit both contemporary and classic interiors. From compact options to statement vanity units, each range is designed to bring balance, organisation and a cohesive feel to your bathroom.

We have a range of furniture styles to suit different layouts. Wall-hung units create a lighter, more spacious feel, floor standing designs add a furniture-led look with generous storage, while compact options are ideal for smaller rooms without compromising on style.

A Considered Colour Palette

Our furniture ranges are available in a carefully curated palette to suit every taste. Opt for calm, soft neutrals for a timeless look, introduce personality with bold statement colours or bring warmth and texture with tactile woodgrain finishes.

Soft-Close Comfort as Standard

10 YEARS

Every furniture range is supplied with soft close doors and drawers as standard, creating a quieter, smoother feel in everyday use. It's a small detail that protects the furniture over time and adds a more refined feel, all backed by a 10-year guarantee for lasting peace of mind.

Smart Storage Solutions

Thoughtfully designed storage makes the bathroom easier to live with. Full extension drawers provide clear access to everything inside, while integrated dividers help keep essentials organised, tidy and exactly where you need them.

600MM 2 DRAWER WALL HUNG VANITY UNIT - MATT BLACK / WALNUT

Indico

Design Details Explained

From contemporary styles to timeless classics, each range is designed for comfort, easy maintenance and long-lasting quality.

Rest assured, our basins & WCs all come with a lifetime guarantee on the ceramics, 5 years on cistern fittings and 3 years on the toilet seat.

LIFETIME GUARANTEE

Lifetime guarantee on ceramics

5 YEARS

5 years guarantee on cistern fittings

3 YEARS

3 years guarantee on toilet seats

Designed for Everyday Comfort

Soft-Close Seats

All Aqua WCs feature seats that close gently and quietly, reducing noise and preventing slamming. They're safer for families and help protect the pan and hinges over time.

Comfort Height Options

Designed slightly taller than standard WCs, comfort-height pans offer easier sitting and standing, particularly for taller users or those with reduced mobility.

Easy-Cleaning Features

Quick-Release Seats

This simple mechanism allows the seat to be lifted off the pan in seconds, making deep cleaning easier and ensuring every part of the WC can be reached.

Rimless Design

With no overhanging rim there's nowhere for dirt or limescale to hide. The flush washes the entire bowl more effectively, making cleaning quicker and more hygienic.

Dual-Flush Technology

Choose between a smaller or larger flush to suit your needs. Dual-flush systems reduce water usage without compromising performance.

Back to Wall & Wall Hung WCs

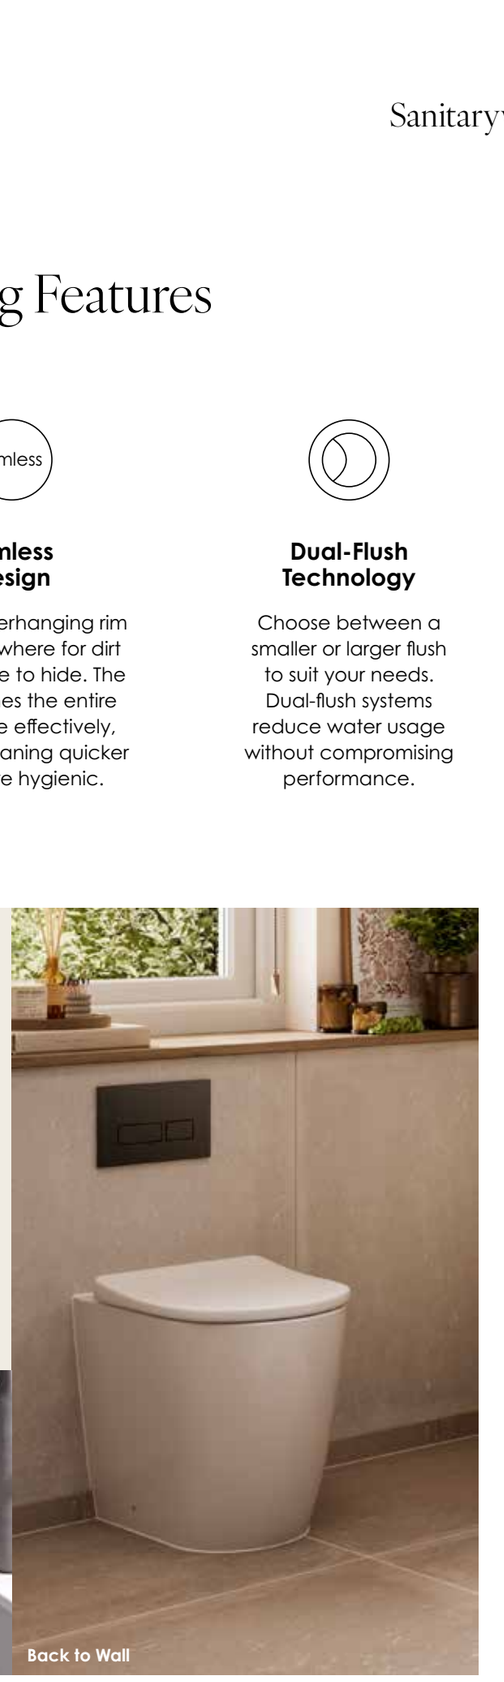

Sitting flush against the wall, with the cistern neatly concealed inside, these WCs provide a streamlined, designer finish.

Wall hung WCs are mounted off the floor and because the floor underneath is clear, they make bathrooms feel more spacious and are easier to clean around.

Choose from a range of coordinating flush plate options on p114.

Wall Hung

Vetta

With its expert and attentive sculpting, it's easy to see why the Vetta range boasts a quality like no other. Every aspect of its look is designed to enhance your home, with curved shapes and slender wrap-over seats and rimless technology all working together to boost the comfort and luxury of your bathroom.

Holborn

Our traditional toilets are designed to meet the requirements of your home. Our back-to-wall pans conceal pipework, whilst our close coupled styles save space and expense. If you're looking to create a grand period setting, you'll love how the towering design of our high-level toilets instil regal elegance. Alternatively, our low-level toilets offer timeless style and are especially good for bathrooms with low ceilings.

Mirror Collection

A well-chosen mirror does more than reflect — it defines the space. Our collection combines considered design with everyday practicality, from softly lit LED mirrors to smart mirrored cabinets. Available in a range of contemporary and classic finishes, it's easy to create a look that feels both stylish and functional.

CONTENTS

LED Mirrors ..... 120 - 127

Mirror Collection

A bathroom mirror is more than just an accessory. It's a form of luxury that customises a space to your needs. Our mirrors and mirrored cabinets offer lasting style and convenience, and are available in a range of modern and traditional designs.

From LEDs projecting ambient lighting, to aluminium cabinets with integrated technology, we're certain you'll find the one you're looking for. Our choice of on-trend finishes also make it easy to recreate the latest looks — from bold, black accents to rustic textures.

Traditional Showers ..... 234 - 235

Brassware designed for style & performance

Explore some of our most popular brassware collections, loved for their refined design and wide choice of statement finishes.

Mineral Flute

New

Mineral Flute combines smooth contemporary shaping with a stylish fluted detail, bringing subtle texture and a premium, design-led touch to the bathroom.

Azar

Azar pairs smooth modern lines with tactile knurled detailing, creating a contemporary look with added texture and grip for a refined, design-led finish.

Mineral

Mineral's smooth curves and clean profile create a soft, contemporary look that works beautifully in modern bathrooms.

Sabre

Sabre features sharp, contemporary lines and a streamlined profile, creating a bold modern look with smooth, reliable control for everyday use.

WRAS APPROVED PRODUCT

WRAS Approved

Many taps in our collection are WRAS approved, meeting strict UK water regulations for material safety and water quality. Look for the WRAS badge on approved products.

HP1 High Pressure

LP1 Low Pressure

Water Pressure

Understanding your home's water pressure helps you choose the right tap or shower. If in doubt, your plumber will be able to advise.

Trusted Performance

All Aqua brassware is crafted from solid brass and fitted with smooth, long-lasting ceramic disc cartridges for reliable performance.

With a lifetime guarantee on the brassware and a five-year guarantee on internal cartridges, you can choose your style with complete confidence.

LIFETIME GUARANTEE

Lifetime guarantee on brassware

5 YEARS

5 years guarantee on internal cartridges

PVD Finish

PVD Technology

Selected brassware features a PVD finish, offering exceptional durability, improved scratch resistance and long-lasting protection against tarnishing.

Build your own shower

Design a shower as individual as your space.
Choose your ideal combination:

1) Choose your valve

2) Choose your shower kit

3) Choose your shower head

ⓘ Wall-mounted heads may require a separate shower arm.

1) Select your valve:

EVOKE 1-WAY THERMOSTATIC SHOWER VALVE
F02034 **£324**
HP2 TMV2 Approved

PURE 1-WAY THERMOSTATIC SHOWER VALVE
F02082 **£324**
HP2 TMV2 Approved

EVOKE 2-WAY THERMOSTATIC SHOWER VALVE - SINGLE CONTROL
F02035 **£324**
HP2 TMV2 Approved

PURE 2-WAY THERMOSTATIC SHOWER VALVE - SINGLE CONTROL
F02083 **£324**
HP2 TMV2 Approved

EVOKE 2-WAY THERMOSTATIC SHOWER VALVE - DUAL CONTROL
F02036 **£383**
HP2 TMV2 Approved

PURE 2-WAY THERMOSTATIC SHOWER VALVE - DUAL CONTROL
F02081 **£383**
HP2 TMV2 Approved

How our valves work:

1-Way Valve with 2 Controls

Top control:
Operates the on/off function for a single outlet.

Bottom control:
Regulates the water temperature via the thermostatic control.

2-Way Valve with 2 Controls

Top control:
Acts as an on/off diverter, allowing selection between two outlets.

Bottom control:
Regulates the water temperature via the thermostatic control.

3-Way Valve with 3 Controls

Top control:
On/off control for one outlet.

Middle control:
Regulates the water temperature via the thermostatic control.

Bottom control:
On/off control for a second outlet.

2) Choose your shower rail:

PURE SLIDE RAIL KIT WITH LUXURY HAND SHOWER AND DOUBLE SEAM HOSE

IN COLLABORATION WITH...

BARRIE CUTCHIE is one of the UK's most respected industry designers, with an award-winning career spanning more than four decades. Known for reviving classic bathtub silhouettes and shaping many of today's most recognisable freestanding styles, he blends timeless design with a deep understanding of modern living.

The AquaKast Collection

Crafted from a high-quality acrylic reinforced with stone resin, chosen for its exceptional durability and perfectly smooth, flawless finish.

Weight optimised and offered in space-saving sizes, this collection is designed for easy handling and installation.

All AquaKast baths can be painted in any RAL or BS colour for an additional charge, giving you complete freedom to personalise your bath.

Freestanding Bath Painting Service

Bespoke Colour, Expertly Applied

All freestanding baths can be painted in any RAL or BS colour for an additional charge, giving you complete freedom to personalise your bath to suit your scheme or colourmatched to your favourite shade from leading paint brands.

F11336 Freestanding Bath Painting Service **£895**

Tungstenite

Tungstenite is a substantially strong, hard wearing coating that is applied to the reverse of the bath, making it as durable as a cast iron bath but with the warmer and easier to maintain finish of acrylic.

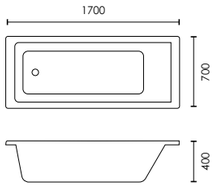

BENEFITS - much stronger than acrylic, retains heat for approx 30 minutes longer than acrylic, improved bath stability & rigidity and increased durability resulting in a longer life span.

Medici

Double Ended

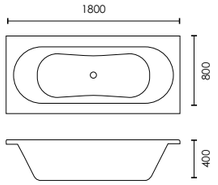

A double-ended bath is designed with comfort at both ends with the tap and waste positioned centrally allowing you to relax from either side. Its balanced, symmetrical shape makes it a practical and versatile choice.

Corner Baths

With clever crescent designs, corner baths are an ideal choice when it comes to maximising space in the bathroom. If you like to relax while the bath fills up, you can kill time by perching on the integrated seating areas, which also double up as a space for toiletries. Then simply sit back and unwind in comfort and luxury.

Wet Rooms ..... 340 - 343

Choosing the right shower enclosure is about more than just size. From layout and door style to finishes and practical features, a few considered decisions can help create a shower space that works beautifully for your bathroom and the way you live.

Velar+ Frame Walk-In

LIFETIME GUARANTEE

We use high-quality, carefully selected materials throughout our shower enclosures and trays to deliver reliable performance and enduring style. Designed for everyday use, each enclosure is covered by a lifetime guarantee, with a five-year guarantee on all rollers and hinges.

1

Consider your space

Understanding your available space will help narrow down the right enclosure. Think about door clearance, access points and how the shower will sit alongside other bathroom elements.

For smaller rooms, enclosures that slide or fold inward can help maximise usable space. Larger bathrooms allow for more open designs that create a lighter, more relaxed feel.

Quadrant

Walk-in

Bi-Fold

Pivot

2

Choose your enclosure type

Next, select the enclosure style that best suits your space and layout. From space-saving quadrants and sliding doors to walk-in designs, our collection is designed to meet the needs of the most compact spaces through to more open, spacious bathrooms.

Quadrant

A curved, corner-fitting enclosure designed to save space. Offering a comfortable showering area with a softer, flowing shape.

Sliding Door

A practical option where space is limited, with doors that glide smoothly without opening into the room.

Corner Entry

Two sliding doors meet at the centre to create wide access. A versatile choice that works well in a range of bathroom sizes.

Walk-In

An open, minimal enclosure that creates a light, modern feel. Easy to access and ideal for contemporary or more accessible bathrooms.

Pivot Door and Bi-Folding Door

A hinged door that opens smoothly. A simple, elegant option best suited to bathrooms with enough clearance.

3

Coordinate your finishes

Coordinating the frame with your brassware, from classic chrome to bolder finishes such as brushed brass, matt black or bronze, allows you to create a cohesive look that either blends in quietly or makes a more confident statement.

6mm Glass |↔|

6mm glass is a popular, balanced choice, offering good safety and durability at great value, ideal for most bathrooms and sliding doors.

8mm Glass |↔|

8mm glass is a more premium option, providing added strength and stability, well suited to larger panels and frameless enclosures.

Aquashield

All Aqua enclosures come with Aquashield, a protective glass coating that helps reduce water marks and limescale build-up, keeping the glass clearer for longer and making everyday cleaning quicker and easier.

Purity Quad

6mm Glass | 1900mm Height

Simplicity at its finest, the purity range has all the features of a stunning enclosure, on a budget. Containing a 6mm, toughened glass coated in Aquashield, adjustable wall profiles, noise-cancelling magnetic closing and an easy-clean finish all help to make enclosure perfect for busy, modern family homes.

Designer waste and chrome waste cover supplied with all Slimline shower trays.

Structure Slate Trays

A designer tray with a difference. The structure slate effect shower trays are inspired by the outdoors, manufactured from a mix of natural minerals and resins to give you a natural and luxury feel underfoot. The slate effect detailing gives the tray the look of natural stone, while a matching waste brings contemporary style to bathrooms.

The slate effect trays have been manufactured with a low profile to create a seamless aesthetic that blends into your chosen flooring whether fitted on top of, or flush to the floor. For easy maintenance, these trays include a removable waste trap that makes an easy job of the cleaning.

Features:

- Made from the latest material technologies
- 24mm height
- High flow self cleaning waste
- Colour matched waste cover
- Cut to size*
- Anti-slip class 3 approved
- Manufactured to EN 14527 for durability

*Shower trays adjustable by 20mm drain side, 40mm on other sides.

Please note: It is advised that all extrusions are sealed with panel sealant.

Aquafloor

Aquafloor provides a realistic look of stone or wood and is extremely hard wearing and resilient to daily wear and tear. The flooring is warm to the touch and is more sound absorbing than wood, laminate and ceramic tile flooring.

This understated flooring has innovative design features such as the patented 3L triple lock for a sophisticated approach to bringing the outdoors in.

Features:

- 100% waterproof
- Easy to install with drop down and lock system
- Resistant to UV light
- Suitable for walls
- Low maintenance wipe clean surface
- Simple to cut with utility knife
- Textured surface to imitate real stone/wood
- No grouting to maintain
- R10 slip resistance
- Tongue and groove joint

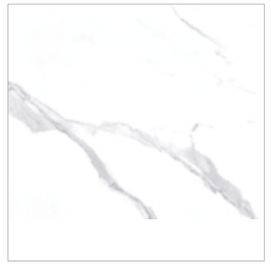

10 tiles per pack covering 1.86m²

Heating Collection

From warm floors to toasty towels, our bathroom heating solutions are designed to keep your space comfortable, whatever the weather.

CONTENTS

Towel rails ..... 368 - 377
Designer Radiators ..... 378 - 383
Aluminium Radiators ..... 384 - 385
Holborn Radiators ..... 386 - 391
Valves ..... 392 - 393

Comfort and relaxation should continue after you've stepped out of the shower. That means no arctic temperatures, no frozen floors, and definitely no soggy towels. Luckily, our heating has it covered with a choice of radiators, towel warmers and electric heating — giving you a little extra help when it comes to early starts and frosty mornings.

Finding your BTU

A BTU (British Thermal Unit) rating refers to the amount of heat released each hour by a radiator or towel rail. The number specified is the number required to heat your room sufficiently. The higher the BTU, the higher the heat output — a BTU of 5154 (per hour) will accommodate large rooms, while a BTU of 603 is better for heating items found in bathrooms, such as towels.

Electric radiators are operated by a heating element that's measured in watts. Standard elements heat your space at an optimum temperature (usually between 65-80°); while thermostatic elements allow you to set a desired temperature and gradually works up to that temperature in increments.

We recommend consulting your plumber if you're not sure which BTU or heating element is best for your home.

Why choose an aluminium radiator?

Their incredible heat output makes them five times more efficient than steel. This means aluminium radiators don't have to be switched on for long lengths of time to heat a room as they don't require as much water. They're also surprisingly durable due to being less prone to rust, extending the life of your heating system.

	Aluminium	Steel
Heating speed	Fast	Slower
Water volume	Low	Higher
Energy compatibility	Compatible with heat pumps	Less compatible
Weight	Light	Heavier
Aesthetics	Greater variety	More limited
Carbon footprint	Low	High energy

Accessories Collection

Complete your bathroom with practical accessories, including lighting, bathroom technology and convenient shaver sockets.

CONTENTS

Lighting and Ventilation ..... 396 - 397
Shaver Sockets ..... 398 - 399
Bathroom Technology ..... 400 - 401

Bathroom Lighting & Ventilation

Great lighting and ventilation is important in every room in the house, but it plays a particularly vital role in a bathroom. Choose the wrong light and you wind up going overboard with makeup or shaving in the shadows. Our lighting options are large flush ceiling lights or multi bulb bar lights, which creates a daylight environment no matter the time of day.

What is bathroom zoning?

Light fittings are assigned an 'IP rating' which indicates how much protection they provide against ingress of water. The bathroom area is divided up into 'zones' 0-3 with each zone having a minimum IP requirement that must be met if a fitting is to be installed in this zone.

F09806	Matt Black	**£91**
F09813	Brushed Brass	**£99**

SINGLE TOOTHBRUSH CHARGER

F04266W	White	**£49**
F04266	Polished Steel	**£66**
F04266B	Brushed Steel	**£66**
F09804	Matt Black	**£66**

DOUBLE TOOTHBRUSH CHARGER

F09575	White	**£68**
F09577	Polished Steel	**£83**
F09576	Brushed Steel	**£84**
F09805	Matt Black	**£84**
F09812	Brushed Brass	**£89**

Features:

- No wires in the bathroom
- Easy to install
- Acts as toothbrush holder at the same time as charging your toothbrush

Bathroom Technology

Bathroom TV's

Luxury bathroom TV's that can either be mounted on the wall within the mounting box provided or neatly tiled in to your bathroom design.

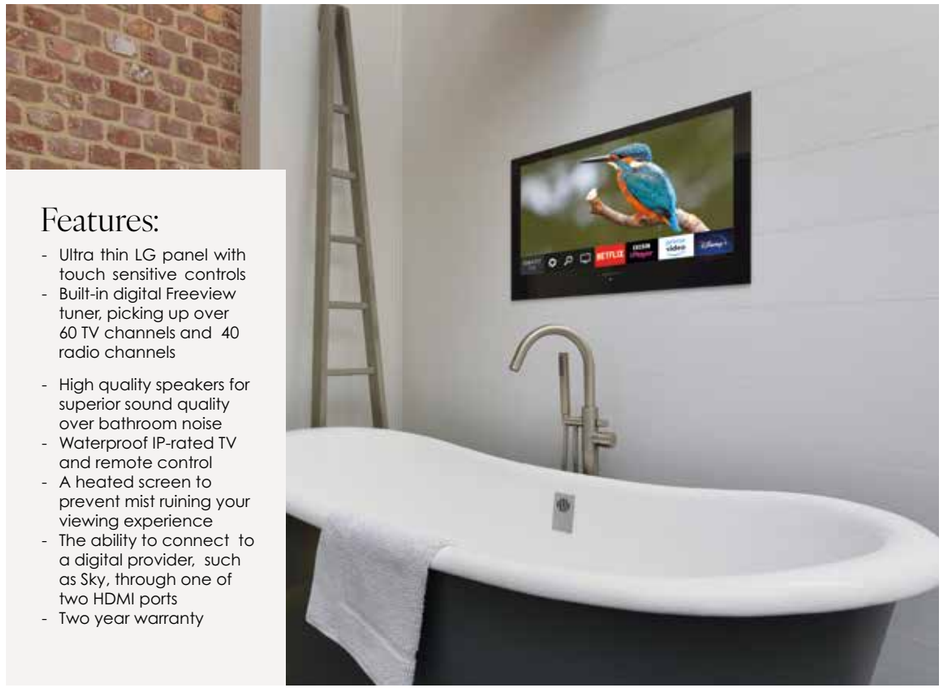

19" TV - SCREEN MEASURES
490 x 335mm

F09894	Black finish	**£999**
F09895	Mirror finish	**£1,049**

24" TV - SCREEN MEASURES
595 x 397mm

F04268	Black finish	**£1.375**
F04269	Mirror finish	**£1,399**

Features:

- Ultra thin LG panel with touch sensitive controls
- Built-in digital Freeview tuner, picking up over 60 TV channels and 40 radio channels
- High quality speakers for superior sound quality over bathroom noise
- Waterproof IP-rated TV and remote control
- A heated screen to prevent mist ruining your viewing experience
- The ability to connect to a digital provider, such as Sky, through one of two HDMI ports
- Two year warranty

Useful Information

Product Specifications

Exceptional service is integral to our business as are outstanding product, design and manufacturing processes. We invest heavily in product development and reserve the right to amend specifications at any time if there is an opportunity to improve the product quality to deliver a better customer experience.

Guarantees

At Frontline, product quality is our number one priority when developing and sourcing new products. We have complete confidence in all the products we sell and every product in the brochure is supported by a manufacturer's guarantee. The duration of the guarantee is dependent upon the product type, please visit www. frontlinebathrooms.co.uk to find out more information on the individual product pages.

Unless specified, guarantees are available on products used for normal domestic use only. Products used in commercial situations, i.e. hotels, schools, residential homes, are not covered by the manufacturer's guarantee.

If you have a guarantee claim you will need to contact your place of purchase in the first instance with the appropriate supporting receipt or proof of purchase.

Colour Samples

Whilst great care and attention to detail has been taken to create accurate and realistic photography for the brochure, the colours shown are representative only. All images can be affected by a multitude of factors such as lighting, surrounding items and print processes.

If you are unsure about anything prior to making your purchase, we recommend visiting your local stockist to view the product or request a colour sample. To view our stockist directory please visit **www.frontlinebathrooms. co.uk/directory** to locate your nearest Frontline dealer. Alternatively, please use the contact form on our website to request a colour sample.

Please note: The lead time on colour samples is dependent on the supplier and country of origin.

Pricing

All prices are quoted inclusive of VAT which will be charged at the rate applicable on the date of dispatch. The prices charged will be those ruling at the date of dispatch and Frontline cannot be held responsible for any errors or omissions to products or prices.

All products and prices shown in this brochure are correct at the time of going to print.

Frontline reserve the right to adjust prices or apply a temporary surcharge to cover any major increases in the cost of raw materials, labour, transportation or currency fluctuations relating to products advertised in this brochure. Any increase in price is only to ensure that Frontline continues to deliver great customer service to its customers.
